Course handbook

This handbook accompanies the video lessons.

Use it to review key ideas, complete the exercises, and keep a reference for later.

Key ideas

1. Start with a clear objective.
2. Break work into small, testable steps.
3. Review results and iterate.

Tip: write down one action after each lesson.

Practice exercises

Exercise A - Describe a recent challenge at work.

Exercise B - Apply the framework to it.

Exercise C - Share your plan with a colleague.
